

SevaMitra Knowledge Corpus — Infrastructure, Industries & Utilities

Scope

Electricity connections/billing; gas/LPG government-linked services; water; telecom/public infrastructure service navigation; industrial licences; pollution/environment permissions; public utility complaints; infrastructure-related applications.

Policy/Answer rule

Return department, service eligibility, documents, steps, fees/status and grievance channel from current official source.

Policy/Answer rule

Utility rules and tariffs can vary by provider/state.

Source strategy: Treat India.gov and the responsible Ministry/Department/State/UT portal as discovery and authority sources. The knowledge base should be refreshed when official rules change.
