

SevaMitra Knowledge Corpus — Science, IT & Digital Government

Scope

DigiLocker; UMANG; Aadhaar digital services; e-governance portals; digital certificates; government data/service platforms; digital identity and authentication services; science/technology public programmes at high level.

Policy/Answer rule

Explain service purpose, eligibility, account requirements, documents, steps, official portal and security guidance.

Policy/Answer rule

Never request or expose passwords, OTPs, secret keys or other credentials.

Source strategy: Treat India.gov and the responsible Ministry/Department/State/UT portal as discovery and authority sources. The knowledge base should be refreshed when official rules change.
