

SevaMitra Knowledge Corpus — State/UT Government Services — with Andhra Pradesh as a Deep-Dive

Scope

AP citizen services: GSWs/Sachivalayam-style service discovery; revenue/certificates; MeeBhoomi/land records; registration/property services; welfare schemes; scholarships; transport; municipal services; pensions; agriculture; education; local-body services; grievance channels.

Policy/Answer rule

National corpus rule: all State/UT services must carry a state/UT field. For Andhra Pradesh, use current AP government/department sources; for another State/UT, retrieve that State/UT's official source.

Policy/Answer rule

Typical AP service families include income/caste/EWS/residence certificates, land records, civil registrations, welfare/pensions, local body services and transport. Do not assume the exact portal or eligibility without current official AP source verification.

Policy/Answer rule

Ask the user their State/UT before giving a state-specific procedure if it is missing.

Source strategy: Treat India.gov and the responsible Ministry/Department/State/UT portal as discovery and authority sources. The knowledge base should be refreshed when official rules change.
